Foot with iron cast weights
 With four weight bars that are easy to fit, you have everything you need for a stable and secure flag stand. The weight bars are equipped with handles for easy transportation.

Expand FlagStand XL is perfect for brand building at events, sales activities and campaigns in all kinds of outdoor environments. All product materials are carefully selected to endure long outdoor use. The Expand FlagStand can be used on almost all surfaces, such as sand, snow, asphalt and grass. It is delivered in a bag for easy transportation

Expand FlagStand XL is a stable and portable flag stand equipped with a telescopic flag pole, which makes it easy to vary the height up to 5,5 m. The simple construction with few loose parts simplifies transportation and makes the product fast to mount and set up. The Expand FlagStand XL comes in two designs.

Foot with water bags

The version with water bags is easy to transport since the whole product fits into one bag. Once in place, the strong water bags are filled with water, making the Expand FlagStand very stable even in strong winds.

Sizes:
 Flag height and width: 4,6 m x 1,2 m
 Flag stand height : 5,5 m
