Expand MediaFabric

Expand MediaFabric lets you visualize your sales message and your information in a very simple and elegant way. A large exposure surface without interfering seams give you every opportunity to create attractive visual solutions and text placement. It is also possible to cover the side panels with images, thereby achieving a third, decorative dimension. With Expand MediaFabric, we've given portability a whole new meaning. No larger than an ordinary gym bag, it weighs only eleven pounds. It's easy to carry, and just as easy to assemble.

Just half a minute and a few simple steps are all you need to reach your target group. Despite the low weight and the slender, discreet construction, Expand MediaFabric is highly stable and durable. Expand stands for design and quality, and now with Expand MediaFabric, it stands for unbeatable flexibility in any kind of environment.
